PROFILE

I hold a Bachelor of Arts and Social Sciences (Education Science) with a focus on science education. I've since transitioned into software engineering, where I'm combining my background in teaching and problem-solving with a passion for technology to build impactful digital solutions.

WORK EXPERIENCE

- Practical skills in software development: web design (HTML, CSS, JavaScript), Git/GitHub, and basic debugging.
- Taught Physics and Chemistry at IBNU MUBARAK HIGH SCHOOL, Garissa, using tech tools like projectors and simulations to enhance learning.

EDUCATION

Software Developer	2025- To Date
PLP Academy	
Bachelor of Education Arts and Social Sciences	2021-2025
School of Education Science	
Garissa University	
Kenya Certificate of Secondary Education
